FIG. 29

A schematic diagram of a device 10. The device has a main body with a large circular display area 13. Inside the display, there is a grid of intersecting lines forming a triangular pattern. A small rectangular component is located at the top center of the device, and a control panel with a light bulb icon and three buttons is located at the bottom center. An arrow points from the label 10 to the main body of the device.
